

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Levine
DOCKET NO.: 21-01977.001-R-1
PARCEL NO.: 16-36-305-033

The parties of record before the Property Tax Appeal Board are David Levine, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$89,448
IMPR.: \$185,580
TOTAL: \$275,028

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,602 square feet of living area. The dwelling was constructed in 1949, is approximately 72 years old, and has an effective year built of 1969. Features of the home include a basement with finished area,¹ central air conditioning, two fireplaces, and a 546 square foot garage. The property has an approximately 20,080 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment as the basis of the appeal.² In support of this argument, the appellant submitted information on four

equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick, wood siding, or stone exterior construction ranging in size from 3,259 to 3,709 square feet of living area. The homes range in age from 28 to 96 years old. The comparables each have a basement with two of these having finished area. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 352 to 552 square feet of building area. The comparables have improvement assessments ranging from \$138,231 to \$154,202 or from \$41.02 to \$43.51 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$151,734 or \$42.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$275,028. The subject has an improvement assessment of \$185,580 or \$51.52 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on nine equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story or 3-story dwellings with a brick, wood siding, or wood siding and stone exterior construction ranging in size from 2,630 to 4,238 square feet of living area. The homes were built from 1929 to 1954 and thus range in age from 67 to 92 years old. The comparables have effective years built that range from 1947 to 1982. The comparables each have a basement with eight of these having finished area. Each comparable has central air conditioning, one to four fireplaces, and a garage ranging in size from 231 to 696 square feet of building area. The comparables have improvement assessments ranging from \$149,182 to \$205,795 or from \$46.18 to \$66.21 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains thirteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #3 through #8. These comparables have differences in age, dwelling size, design, and/or basement finish when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #9 which are more similar to the subject in location, age, design, dwelling size and other

features. These three comparables have improvement assessments ranging from \$157,716 to \$205,795 or from \$48.87 to \$52.96 per square foot of living area. The subject's improvement assessment of \$185,580 or \$51.52 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
