

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ozlem Yardimci
DOCKET NO.: 21-01984.001-R-1
PARCEL NO.: 16-09-111-015

The parties of record before the Property Tax Appeal Board are Ozlem Yardimci, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,339
IMPR.: \$122,320
TOTAL: \$187,659

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,976 square feet of living area. The dwelling was constructed in 1966 and is approximately 55 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace and a 528 square foot garage. The property has a 12,750 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding or brick exterior construction that range in size from 2,400 to 2,860 square feet of living area and are 45 or 54 years old. One comparable has a basement and three comparables have concrete slab

foundations. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 484 to 600 square feet of building area. The comparables have improvement assessments that range from \$84,018 to \$99,313 or from \$33.58 to \$35.01 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,659. The subject property has an improvement assessment of \$122,320 or \$41.10 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,758 to 3,095 square feet of living area. The homes were built from 1968 to 1978. Three comparables have basements, with one having finished area and one comparable has a concrete slab foundation. Each comparable has central air conditioning, one or three fireplaces, and a garage that ranges in size from 483 to 552 square feet of building area. The comparables have improvement assessments that range from \$123,727 to \$148,587 or from \$42.33 to \$53.42 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #4 as well as board of review comparables #1, #2 and #3 due to differences in age and/or foundation when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparable #4 which are overall more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments of \$95,163 and \$123,727 or for \$34.94 and \$42.33 per square foot of living area. The subject's improvement assessment of \$122,320 or \$41.10 per square foot of living area is bracketed by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
