

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Muslin
DOCKET NO.: 21-02012.001-R-1
PARCEL NO.: 16-34-305-017

The parties of record before the Property Tax Appeal Board are Jason Muslin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$75,679
IMPR.: \$133,864
TOTAL: \$209,543

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,392 square feet of living area. The dwelling was built in 1965 and is approximately 56 years old. The dwelling has a reported effective age of 1971.¹ Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 504 square foot garage. The property has an approximately 20,220 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and

¹ The subject's property record card provided by the board of review disclosed the subject dwelling was remodeled in 1989 and has an effective age of 1971.

within 0.44 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,278 to 3,883 square feet of living area. The dwellings range in age from 41 to 58 years old. The comparables each have a basement, three of which have finished area. Each comparable has central conditioning, one fireplace, and a garage ranging in size from 460 to 720 square feet of building area. The comparables have improvement assessments that range from \$121,474 to \$146,705 or from \$36.25 to \$37.78 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$125,504 or \$37.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$209,543. The subject property has an improvement assessment of \$133,864 or \$39.46 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.25 of a mile from the subject. The comparables are improved with 2-story dwellings of brick, stucco, or brick and shingle-wood asphalt exterior construction ranging in size from 3,193 to 3,564 square feet of living area. The dwellings were built from 1964 to 1970 with comparables #1, #2, and #3 and #5 having reported effective ages of 1982, 1975, and 1972, respectively. Each comparable has a basement with finished area, central air conditioning, one fireplace, and a garage ranging in size from 400 to 528 square feet of building area. Comparables #2 and #4 each have an inground swimming pool. The comparables have improvement assessments that range from \$128,813 to \$146,116 or from \$39.55 to \$43.36 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3 and #4 which differ from the subject in age, dwelling size, or lacks basement finish, a feature of the subject. The Board also gives less weight to board of review comparables #2 and #4 which each have an inground swimming pool, not a feature of the subject.

The Board finds best evidence of assessment equity to be the appellant's comparable #1 as well as board of review comparables #1, #3, and #5 which are overall more similar to the subject in location design, age, dwelling size, and most features. The comparables have improvement

assessments that range from \$128,813 to \$146,116 or from \$36.25 to \$43.36 per square foot of living area. The subject's improvement assessment of \$133,864 or \$39.46 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
