

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Eric Schreiber DOCKET NO.: 21-02015.001-R-1 PARCEL NO.: 16-27-306-095

The parties of record before the Property Tax Appeal Board are Eric Schreiber, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$49,651 **IMPR.:** \$129,723 **TOTAL:** \$179,374

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

### **Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,224 square feet of living area. The dwelling was built in 1977. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 484 square foot garage. The property has an approximately 13,133 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and from 0.70 to 1.08 miles from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,250 to 3,732 square feet of living area. The dwellings range in age from 41 to 58 years old. The comparables each have a

basement, two of which have finished area. Each comparable has central conditioning, one fireplace, and a garage ranging in size from 462 to 720 square feet of building area. The comparables have improvement assessments that range from \$116,785 to \$135,270 or from \$35.93 to \$36.90 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$117,111 or \$36.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,374. The subject property has an improvement assessment of \$129,723 or \$40.24 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.84 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,906 to 3,262 square feet of living area. The dwellings were built from 1968 to 1979. The comparables each have a basement, four of which have finished area. Comparable #4 is also reported to have a partial crawl space foundation. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 480 to 529 square feet of building area. Comparables #2, #3, and #5 each have an inground swimming pool. The comparables have improvement assessments that range from \$122,966 to \$138,631 or from \$40.39 to \$43.15 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

## **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3 and #4 which are less similar to the subject in age than other comparables in this record and/or are located over 1 mile from the subject and thus are less proximate in location to the subject than other comparables in this record. Furthermore, the appellant's comparable #2 is a significantly larger home than the subject. The Board also gives less weight to board of review comparables #2, #3, and #5 which have inground swimming pools, not a feature of the subject.

The Board finds best evidence of assessment equity to be the appellant's comparable #1 as well as board of review comparables #1 and #4 which are overall more similar to the subject in location, design, age, dwelling size, and most features. The three comparables have improvement assessments that range from \$116,785 to \$137,118 or from \$35.93 to \$42.10 per

square foot of living area. The subject's improvement assessment of \$129,723 or \$40.24 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
