

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jordan Wood
DOCKET NO.: 21-02018.001-R-1
PARCEL NO.: 16-34-401-004

The parties of record before the Property Tax Appeal Board are Jordan Wood, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$74,863
IMPR.: \$114,223
TOTAL: \$189,086

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,750 square feet of living area. The dwelling was built in 1976 and is approximately 45 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a garage with 506 square feet of building area. The property has an approximately 20,002 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 2,600 to 3,040 square feet of living area. The dwellings range in age from 43 to 60 years

old. Each comparable has a basement with one having finished area, central air conditioning, one fireplace, and a garage that ranges in size from 420 to 529 square feet of building area. The comparables have improvement assessments ranging from \$98,462 to \$119,227 or from \$36.20 to \$39.22 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$104,500 or \$38.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$189,086. The subject property has an improvement assessment of \$114,223 or \$41.54 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparable properties located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick or wood siding and brick exterior construction ranging in size from 2,694 to 3,119 square feet of living area. The dwellings were built from 1965 to 1979 and thus would range in age from approximately 42 to 56 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace, and a garage that ranges in size from 483 to 884 square feet of building area. Comparables #3 and #5 each have an inground swimming pool. The comparables have improvement assessments ranging from \$112,033 to \$142,055 or from \$41.26 to \$45.55 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3 and #4 as well as board of review comparables #3 and #5 which differ from the subject in age, dwelling size, and/or lack basement finish. Additionally, board of review comparables #3 and #5 have inground swimming pools, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 as well as board of review comparables #1, #2, and #4 which are more similar to the subject in location, design, age, dwelling size, basement finish, and features. The best comparables have improvement assessments ranging from \$98,583 to \$128,723 or from \$36.20 to \$43.55 per square foot of living area. The subject's improvement assessment of \$114,223 or \$41.54 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the comparables for

differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
