

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Wasserman
DOCKET NO.: 21-02023.001-R-1
PARCEL NO.: 16-34-305-045

The parties of record before the Property Tax Appeal Board are Steven Wasserman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,319
IMPR.: \$132,651
TOTAL: \$191,970

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,012 square feet of living area. The home was built in 1977 and is approximately 44 years old. Features include a basement with finished area, central air conditioning, one fireplace, and a 462 square foot garage. The property has an approximately 19,615 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick exterior construction ranging in size from 2,742 to 3,392 square feet of living area. The homes range in age from 56 to 60 years old. The homes each have a basement with two having finished area. Each comparable has central air conditioning,

one fireplace, and a garage that ranges in size from 400 to 506 square feet of building area. The comparables have improvement assessments ranging from \$106,252 to \$133,864 or from \$37.06 to \$39.46 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$174,678 with an improvement assessment of \$115,359 or \$38.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$191,970. The subject property has an improvement assessment of \$132,651 or \$44.04 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick or brick and wood siding exterior construction ranging in size from 3,199 to 3,323 square feet of living area. The homes were built in either 1977 or 1979 and thus would be either 42 or 44 years old. Comparable #3 was built in 1977 and has an effective year built of 1991. Each comparable has a basement with finished area, central air conditioning, one fireplace, and a garage that ranges in size from 506 to 575 square feet of building area. Comparables #1 and #3 have inground swimming pools. The comparables have improvement assessments ranging from \$142,055 to \$155,441 or from \$45.55 to \$48.70 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables submitted by the parties for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 which lack basement finish, a feature of the subject. The Board also gives less weight to board of review comparables #1 and #3 which have inground swimming pools, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, basement finish, and other features. These comparables have improvement assessments ranging from \$118,437 to \$152,945 or from \$37.91 to \$46.03 per square foot of living area. The subject's improvement assessment of \$132,651 or \$44.04 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improve was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
