

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adrienne Lasin  
DOCKET NO.: 21-02043.001-R-1  
PARCEL NO.: 16-34-104-011

The parties of record before the Property Tax Appeal Board are Adrienne Lasin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$64,162  
**IMPR.:** \$138,907  
**TOTAL:** \$203,069

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,104 square feet of living area. The dwelling was constructed in 1964 and is approximately 57 years old. The dwelling has a reported effective age of 1967.<sup>1</sup> Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 528 square foot garage. The property has an approximately 10,981 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and

<sup>1</sup> The subject's property record card provided by the board of review disclosed the subject dwelling was remodeled in 2005 and has an effective year built of 1967.

within 0.38 of a mile from the subject. The comparables are improved with 1.5-story or 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,844 to 3,270 square feet of living area. The dwellings range in age from 54 to 57 years old. The comparables each have a basement, two of which have finished area. Each comparable has central conditioning, one fireplace, and a garage that ranges in size from 462 to 704 square feet of building area. The comparables have improvement assessments that range from \$114,390 to \$139,961 or from \$40.22 to \$42.80 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$130,057 or \$41.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,069. The subject property has an improvement assessment of \$138,907 or \$44.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and within 0.12 of a mile from the subject. The comparables are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,862 to 3,576 square feet of living area. The dwellings were built from 1963 to 1965 and thus would range in age from approximately 56 to 58 years old. Comparables #1, #4 and #5 have reported effective ages of 1965, 1969 and 1972, respectively. Each comparable has an unfinished basement and a garage ranging in size from 484 to 576 square feet of building area. Four comparables each have central air conditioning and four comparables each have one fireplace. The comparables have improvement assessments that range from \$108,986 to \$161,897 or from \$38.08 to \$47.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #3 and #4 as well as board of review comparable #5 due to differences from the subject in dwelling size or basement finish.

The Board finds best evidence of assessment equity to be the parties' remaining comparables which are overall more similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments that range from \$108,986 to \$147,583 or from \$38.08 to \$47.75 per square foot of living area. The subject's improvement assessment of \$138,907 or \$44.75 per square foot of

living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
