

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Shaw  
DOCKET NO.: 21-02062.001-R-1  
PARCEL NO.: 16-07-301-088

The parties of record before the Property Tax Appeal Board are David Shaw, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$83,246  
**IMPR.:** \$168,773  
**TOTAL:** \$252,019

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.75-story dwelling of brick and wood siding exterior construction with 4,305 square feet of living area. The dwelling was built in 1983 and is approximately 38 years old. Features of the home include a slab foundation, central air conditioning, one fireplace and an attached garage with 850 square feet of building area. The property has a site with approximately 19,500 square feet of land area and is located in Lake Forest, West Deerfield Township, Lake County.

In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are described as 2-story dwellings of wood siding or brick exterior construction ranging in size from 3,326 to

5,005 square feet of living area. The homes are from 37 to 41 years old. Each comparable has a slab foundation, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 575 to 804 square feet of building area. The comparables have improvement assessments ranging from \$86,478 to \$190,126 or from \$26.00 to \$37.99 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$252,019. The subject property has an improvement assessment of \$168,773 or \$39.20 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are described as 1.75-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,839 to 4,842 square feet of living area. The homes were built from 1979 to 1984. Four comparables have basements, two of which have a recreation room. One comparable has a slab foundation. Each comparable has central air conditioning, one to three fireplaces, and an attached garage ranging in size from 594 to 832 square feet of building area. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$161,321 to \$209,581 or from \$39.81 to \$46.85 per square foot of living area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight appellant's comparables #1 and #3 due to their differences in dwelling size when compared to the subject. The Board gives less weight to board of review comparables #1, #2, #4 and #5 which have basement foundations and/or an inground swimming pool which are not features of the subject. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 along with board of review comparable #3 which are more similar to the subject in location, age, size and some features. The comparables have improvement assessments that range from \$116,666 to \$190,126 or from \$32.11 to \$39.81 per square foot of living area. The subject's improvement assessment of \$168,773 or \$39.20 per square foot of living area falls within the range established by the comparables in this record. Based on this record, after considering possible adjustments to the comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
