

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elaine Kessler
DOCKET NO.: 21-02068.001-R-1
PARCEL NO.: 16-28-410-023

The parties of record before the Property Tax Appeal Board are Elaine Kessler, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,439
IMPR.: \$145,946
TOTAL: \$180,385

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 1,930 square feet of living area. The dwelling was constructed in 1988 and is approximately 32 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 484 square foot garage. The property has an approximately 3,050 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick exterior construction with 2,278 or

2,292 square feet of living area that are each 33 years old. The comparables each have a partial unfinished basement, central air conditioning, a fireplace, and a garage with 506 square feet of building area. The comparables have improvement assessments ranging from \$117,860 to \$133,062 or \$51.74 to \$58.41 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,385. The subject property has an improvement assessment of \$145,946 or \$75.62 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick and wood siding exterior construction with 1,930 or 2,278 square feet of living area that were each built in 1988. Each comparable has a partial unfinished basement, central air conditioning, a fireplace and a garage with 484 or 506 square feet of building area. The comparables have improvement assessments that range from \$145,287 to \$180,344 or from \$75.28 to \$79.17 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #1, #2 and #4 due to their larger dwelling sizes when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be board of review comparables #3 and #5, which are identical to the subject in dwelling size, design, age and most features. These comparables have improvement assessments of \$145,287 and \$146,372 or \$75.28 and \$75.84 per square foot of living area, respectively. The subject's improvement assessment of \$145,946 or \$75.62 per square foot of living area is bracketed by the two best comparables in the record. Based on this evidence and after considering adjustments to the comparables for any differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
