

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas Waggoner
DOCKET NO.: 21-02087.001-R-1
PARCEL NO.: 16-05-301-051

The parties of record before the Property Tax Appeal Board are Douglas Waggoner, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$183,669
IMPR.: \$424,567
TOTAL: \$608,236

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 7,091 square feet of living area. The dwelling was built in 2001 and is approximately 20 years old. Features of the home include a basement with finished area, central air conditioning, three fireplaces and an attached garage with 1,065 square feet of building area. The property has a site with 63,162 square feet of land area and is located in Lake Forest, West Deerfield Township, Lake County.

In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are described

as 2-story dwellings of wood siding or brick exterior construction ranging in size from 5,927 to 7,880 square feet of living area. The homes are from 13 to 31 years old. The comparables have basements with two having finished area. Each comparable has central air conditioning, one to four fireplaces, and an attached garage ranging in size from 830 to 1,280 square feet of building area. Comparables #1, #3 and #4 have inground swimming pools. The comparables have improvement assessments ranging from \$182,540 to \$446,439 or from \$30.35 to \$56.65 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$608,236. The subject property has an improvement assessment of \$424,567 or \$59.87 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. Comparable #5 is the same property as appellant's comparable #3. The comparables are described as 1.75-story or 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 5,517 to 8,131 square feet of living area. The homes were built from 1995 to 2006. The comparables each have a basement with finished area, central air conditioning, two to five fireplaces, and an attached garage ranging in size from 692 to 1,280 square feet of building area. Comparables #1 and #5 have inground swimming pools. The comparables have improvement assessments ranging from \$336,942 to \$523,367 or from \$56.65 to \$74.20 per square foot of living area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables submitted by the parties to support their respective positions with one common comparable. These comparables have varying degrees of similarity to the subject in age, dwelling size, and features. Nevertheless, the Board gives less weight to appellant's comparables #1 and #4 along with board of review comparables #2 and #4 due to their larger dwelling sizes when compared to the subject. The Board finds the best evidence assessment equity to be the parties' remaining comparables which are more similar to the subject in dwelling size. These comparables have improvement assessments ranging from \$385,408 to \$523,367 or from \$56.01 to \$74.20 per square foot of living area. The subject's improvement assessment of \$424,567 or \$59.87 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences including features when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
