

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Friedman
DOCKET NO.: 21-02093.001-R-1
PARCEL NO.: 16-33-107-185

The parties of record before the Property Tax Appeal Board are Michael Friedman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,250
IMPR.: \$124,013
TOTAL: \$139,263

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story condominium unit of brick exterior construction with 1,765 square feet of living area. The dwelling was constructed in 2002. Features of the home include a concrete slab foundation and central air conditioning. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within the same assessment neighborhood code as the subject. The comparables are described as condominium units built in 2002 and each unit contains 1,765 square feet of living area. Features include a concrete slab foundation and central air conditioning. The comparables have improvement assessments that range from \$93,344 to \$104,486 or from \$52.89 to \$59.20

per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,263. The subject property has an improvement assessment of \$124,013 or \$70.26 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within the same assessment neighborhood code as the subject. The comparables are described as condominium units built in 2002 and each unit contains 1,765 square feet of living area. Features include a concrete slab foundation and central air conditioning. The comparables have improvement assessments of \$124,013 and \$127,877 or \$70.26 and \$72.45 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration that are identical to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$93,344 to \$127,877 or from \$52.89 to \$72.45 per square foot of living area. The subject's improvement assessment of \$124,013 or \$70.26 per square foot of living area falls within the range established by the comparables in the record and is identical to the improvement assessments of three comparables. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
