

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Losoff
DOCKET NO.: 21-02101.001-R-1
PARCEL NO.: 16-29-406-041

The parties of record before the Property Tax Appeal Board are Paul Losoff, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,963
IMPR.: \$135,427
TOTAL: \$169,390

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,404 square feet of living area. The dwelling was constructed in 1948 and is 73 years old. Features of the home include a partial unfinished basement, central air conditioning and an attached 242 square foot garage. The property has an approximately 6,650 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story to 2-story dwellings of wood siding or brick exterior construction ranging in size from 2,266 to 2,724 square feet of living area. The dwellings are 72 to 98 years old. The appellant reported the comparables each have an unfinished basement,

central air conditioning, and a garage that ranges in size from 373 to 484 square feet of building area. The comparables have improvement assessments that range from \$112,045 to \$131,054 or from \$48.11 to \$53.69 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,390. The subject property has an improvement assessment of \$135,427 or \$56.33 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding, brick and wood siding, or brick exterior construction ranging in size from 2,048 to 2,448 square feet of living area. The dwellings were built from 1930 to 1952. The board of review reported three comparables have basements, one of which has finished area. One comparable has a concrete slab foundation. Two comparables have central air conditioning. Two comparables have one fireplace each. The comparables have garages ranging in size from 290 to 576 square feet of building area. The comparables have improvement assessments that range from \$128,634 to \$148,415 or from \$56.78 to \$62.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #3 as well as board of review comparable #3 due to their older ages when compared to the subject.

The Board finds the best evidence of equity to be appellant's comparable #4 along with board of review comparables #1, #2 and #4. These comparables are relatively similar to the subject in location, age, dwelling size and features. However, one comparable has finished basement area and lacks central air conditioning while one comparable lacks a basement when compared to the subject, suggesting adjustments are necessary to make them more equivalent to the subject. Nevertheless, the best comparables have improvement assessments ranging from \$122,531 to \$148,415 or from \$53.69 to \$62.81 per square foot of living area. The subject's improvement assessment of \$135,427 or \$56.33 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
