

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Deborah Rosen
DOCKET NO.: 21-02108.001-R-1
PARCEL NO.: 16-31-109-011

The parties of record before the Property Tax Appeal Board are Deborah Rosen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,287
IMPR.: \$105,670
TOTAL: \$183,957

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 2,721 square feet of living area. The dwelling was constructed in 1995 and is 26 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 528 square foot garage. The property has an approximately 9,504 square foot site and is located in Riverwoods, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 1-story dwellings of wood siding exterior construction with either 2,721 or 2,819 square feet of living area. The homes are 25 or 26 years old. The comparables are reported to have basements, one of which has finished area. Each comparable has central air conditioning and a garage with 500 or 528 square feet of building area. Three

comparables each have a fireplace. The comparables have improvement assessments that range from \$91,075 to \$96,327 or from \$33.47 to \$34.17 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$183,957. The subject has an improvement assessment of \$105,670 or \$38.83 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1-story dwellings of wood siding exterior construction with each having 2,721 square feet of living area. The homes were built from 1994 to 1996. Each comparable has an unfinished basement, central air conditioning, a fireplace, and a garage with 528 square feet of building area. The comparables have improvement assessments that range from \$111,694 to \$149,892 or from \$41.05 to \$55.09 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 which are less similar in dwelling and basement sizes when compared to the subject. Furthermore, appellant's comparable #2 has finished basement area in contrast to the subject's unfinished basement. The Board gives less weight to board of review comparable #1 which appears to be an outlier due to its considerably higher improvement assessment than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the remaining comparables in the record which are identical or nearly identical to the subject in design, dwelling size, age, and features. These comparables have improvement assessments that range from \$91,075 to \$127,312 or from \$33.47 to \$46.79 per square foot of living area. The subject's improvement assessment of \$105,670 or \$38.83 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
