

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allan Van Every
DOCKET NO.: 21-02112.001-R-1
PARCEL NO.: 16-29-112-016

The parties of record before the Property Tax Appeal Board are Allan Van Every, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,352
IMPR.: \$329,500
TOTAL: \$395,852

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,859 square feet of living area. The dwelling was built in 2011 and is 10 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a 739 square foot attached garage. The property has a 23,440 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 4,418 to 5,393 square feet of living area and are 8 to 14 years old. The comparables have basements, one has finished area. Other features of each comparable include central air conditioning, one or two fireplaces and an attached garage ranging in size

from 777 to 930 square feet of building area. The comparables have improvement assessments ranging from \$252,465 to \$305,886 or from \$56.29 to \$57.96 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$395,852. The subject has an improvement assessment of \$329,500 or \$67.81 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding, brick, or brick and wood siding exterior construction that range in size from 4,766 to 4,916 square feet of living area and were built from 2011 to 2015. Each comparable has a basement, one of which is finished with a recreation room, central air conditioning, one or two fireplaces and an attached garage ranging in size from 688 to 1,027 square feet of building area. The comparables have improvement assessments ranging from \$369,913 to \$394,833 or from \$76.96 to \$81.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 along with board of review comparable #4 which are less similar in dwelling size and/or have finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables submitted by the board of review. These comparables are more similar to the subject in location, age, style, dwelling size, and features. These comparables have improvement assessments ranging from \$290,125 to \$394,833 or from \$57.96 to \$81.13 per square foot of living area. The subject's improvement assessment of \$329,500 or \$67.81 per square foot of living area, falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
