

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mickey Schwartz  
DOCKET NO.: 21-02114.001-R-1  
PARCEL NO.: 16-33-403-005

The parties of record before the Property Tax Appeal Board are Mickey Schwartz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$78,034  
**IMPR.:** \$119,706  
**TOTAL:** \$197,740

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of brick exterior construction with 2,799 square feet of living area. The dwelling was constructed in 1966 and is approximately 55 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace, and a 506 square foot garage. The property has a 17,441 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within 0.38 of a mile from the subject. The comparables are improved with 1-story homes of brick exterior construction ranging in size from 2,796 to 3,144 square feet of living area. The dwellings range in age from 55 to 57 years old. Two homes have a basement, one of which has finished area, and one home has a concrete slab foundation. Each home has

central air conditioning, one or two fireplaces, and a 506 or a 550 square foot garage. The comparables have improvement assessments ranging from \$95,872 to \$113,642 or from \$34.29 to \$38.68 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$197,740. The subject property has an improvement assessment of \$119,706 or \$42.77 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within 0.35 of a mile from the subject. The comparables are improved with 1-story homes of brick or wood siding exterior construction ranging in size from 2,799 to 2,987 square feet of living area. The dwellings were built from 1964 to 1966. Each home has a basement, one of which has finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 460 to 506 square feet of building area. The comparables have improvement assessments ranging from \$133,604 to \$140,256 or from \$46.96 to \$48.22 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration, which are relatively similar to the subject in dwelling size, age, location, and features, although seven comparables have basement unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. The comparables have improvement assessments that range from \$95,872 to \$140,256 or from \$34.29 to \$48.22 per square foot of living area. The subject's improvement assessment of \$119,706 or \$42.77 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
