

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thu Hoang  
DOCKET NO.: 21-02123.001-R-1  
PARCEL NO.: 02-14-103-004

The parties of record before the Property Tax Appeal Board are Thu Hoang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,627  
**IMPR.:** \$68,554  
**TOTAL:** \$80,181

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,184 square feet of living area. The dwelling was built in 2004 and is approximately 17 years old. Features of the home include an unfinished basement, central air conditioning, and a 400 square foot garage. The property has an approximately 15,145 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,150 to 2,624 square feet of living area. The dwellings range in age from 15 to 17 years old. Each comparable has a basement with two having finished area, central air

conditioning, a garage that ranges in size from 400 to 440 square feet of building area. One comparable has one fireplace. The comparables have improvement assessments ranging from \$49,225 to \$68,714 or from \$20.72 to \$27.37 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$53,835 or \$24.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,181. The subject property has an improvement assessment of \$68,554 or \$31.39 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight comparable properties located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,112 to 2,226 square feet of living area. The dwellings were built from 2004 to 2006 and thus would range in age from approximately 15 to 17 years old. Each comparable has an unfinished basement and central air conditioning. Six comparables each have one fireplace. Four comparables were reported to each having a garage that ranges in size from 440 to 640 square feet of building area. The comparables have improvement assessments ranging from \$67,716 to \$73,754 or from \$31.01 to \$34.92 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of twelve equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4 which differ from the subject in dwelling size or basement finish. The Board also gives less weight to board of review comparables #5 through #8 which lack a garage amenity, a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features. The best comparables have improvement assessments ranging from \$53,862 to \$71,329 or from \$24.35 to \$32.54 per square foot of living area. The subject's improvement assessment of \$68,554 or \$31.39 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
