

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Palema Bell
DOCKET NO.: 21-02124.001-R-1
PARCEL NO.: 01-24-204-015

The parties of record before the Property Tax Appeal Board are Palema Bell, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,350
IMPR.: \$111,790
TOTAL: \$158,140

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,507 square feet of living area. The dwelling was built in 1996 and is approximately 25 years old. Features of the home include a walkout basement with finished area, central air conditioning, two fireplaces, and a garage with 768 square feet of building area. The property has an approximately 10,001 square foot site and is located in Antioch, Antioch Township, Lake County.¹

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in

size from 2,000 to 3,008 square feet of living area. The dwellings range in age from 6 to 66 years old. Each comparable has a basement with one having finished area, central air conditioning, and a garage that ranges in size from 440 to 896 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$67,793 to \$88,452 or from \$26.46 to \$41.33 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$83,545 or \$33.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$158,140. The subject property has an improvement assessment of \$111,790 or \$44.59 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. Board of review comparable #1 is the same property as the appellant's comparable #4. The comparables are improved with 2-story dwellings of wood siding or vinyl siding exterior construction ranging in size from 1,815 to 2,365 square feet of living area. The dwellings were built from 1989 to 2020 and thus would range in age from approximately 1 to 32 years old. Each comparable has a basement with two having finished area, central air conditioning, one fireplace, and one or two garages that range in size from 436 to 576 square feet of building area. The comparables have improvement assessments ranging from \$88,452 to \$105,584 or from \$41.33 to \$58.03 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables for the Board's consideration, including one comparable shared by both parties, that are similar to the subject in location and design. The parties' comparables vary substantially from the subject in age, dwelling size, basement finish, central air conditioning, number of fireplaces, and/or other features. The parties' comparables have improvement assessments ranging from \$26.46 to \$58.03 per square foot of living area. The subject's improvement assessment of \$44.59 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
