

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandy Lippe
DOCKET NO.: 21-02130.001-R-1
PARCEL NO.: 16-21-207-006

The parties of record before the Property Tax Appeal Board are Sandy Lippe, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$99,828
IMPR.: \$167,351
TOTAL: \$267,179

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 3,409 square feet of living area. The dwelling was constructed in 1990 and is 31 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a garage with 483 square feet of building area. The property has a site with approximately 7,060 square feet of land area and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located within the same assessment neighborhood code as the subject. The comparables

are improved with one-story dwellings of brick exterior construction that range in size from 2,956 to 4,208 square feet of living area. The dwellings are 27 or 30 years old. Each comparable has a basement with one having finished area, central air conditioning, one fireplace and a garage ranging in size from 483 to 529 square feet of building area. The comparables have improvement assessments that range from \$126,439 to \$163,373 or from \$36.21 to \$42.94 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$128,292.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$267,179. The subject property has an improvement assessment of \$167,351 or \$49.09 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction that range in size from 3,075 to 3,592 square feet of living area. The dwellings were built from 1990 to 1996. Each comparable has a basement with one having finished area, central air conditioning, one fireplace and a garage ranging in size from 483 to 552 square feet of building area. The comparables have improvement assessments ranging from \$163,044 to \$193,295 or from \$48.99 to \$53.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2, #3 and #4 along with board of review comparables #3 and #5 which are less similar in dwelling size or have finished basement area when compared to the subject.

The Board finds best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments that range from \$126,439 to \$193,295 or from \$36.21 to \$53.81 per square foot of living area. The subject's improvement assessment of \$167,351 or \$49.09 per square foot of living area falls within the range of the best comparables in this record. Furthermore, board of review comparable #1 is identical to the subject in age, dwelling size and features and has the same improvement assessment as the subject. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
