

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Dimitriou
DOCKET NO.: 21-02131.001-R-1
PARCEL NO.: 16-21-113-010

The parties of record before the Property Tax Appeal Board are Peter Dimitriou, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$114,283
IMPR.: \$242,227
TOTAL: \$356,510

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,735 square feet of living area. The dwelling was built in 1988 and is 33 years old. Features of the home include an unfinished basement, central air conditioning, three fireplaces, and a 726 square foot attached garage. The property has a 40,741 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction that range in

size from 4,005 to 4,753 square feet of living area and are 32 to 50 years old. The comparables have basements, two have finished area. Other features of each comparable include central air conditioning, one fireplace and an attached garage ranging in size from 528 to 891 square feet of building area. The comparables have improvement assessments ranging from \$118,828 to \$140,589 or from \$29.44 to \$29.67 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$356,510. The subject has an improvement assessment of \$242,227 or \$51.16 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with one-story or two-story dwellings of brick exterior construction that range in size from 3,987 to 5,368 square feet of living area and were built from 1983 to 1990. The comparables are reported to have basements, two of which are finished with a recreation room. Other features of each comparable include central air conditioning, one to three fireplaces and an attached garage ranging in size from 704 to 966 square feet of building area. Comparables #2 and #3 each have an inground swimming pool. The comparables have improvement assessments ranging from \$210,606 to \$305,852 or from \$52.30 to \$56.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board finds neither party's comparables are truly similar to the subject due to differences in design, age, dwelling size and/or features. Nevertheless, the Board gives less weight to appellant's comparables #3 and #4 due to dissimilar age or dwelling size when compared to the subject. The Board also gives less weight to board of review comparables #1 and #2 which have dissimilar one-story designs in contrast to the subject's two-story design.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in design, dwelling size and age with varying degrees of similarity in features. These comparables have improvement assessments ranging from \$129,835 to \$305,852 or from \$29.44 to \$56.98 per square foot of living area. The subject's improvement assessment of \$242,227 or \$51.16 per square foot of living area, falls within the range established by the best comparables in this record. After considering adjustments to the

best comparables for differences including features when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
