

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jialin Li
DOCKET NO.: 21-02238.001-R-1
PARCEL NO.: 15-05-301-050

The parties of record before the Property Tax Appeal Board are Jialin Li, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,629
IMPR.: \$32,747
TOTAL: \$44,376

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story condominium of wood siding exterior construction with 1,012 square feet of living area. The dwelling was constructed in 1975. Features of the home include a concrete slab foundation, central air conditioning and a 220 square foot garage¹. The property is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same neighborhood code as the subject and within 0.12 of a mile from the subject property. The comparables are improved with 2-story condominiums of frame exterior construction each containing 1,012 square feet of living area that were built in 1975 or 1978. Each comparable has central air conditioning and a garage containing 229 square feet of building area. The comparables sold from March 2018 to

¹ The Board finds the best description of the appellant's garage size is found in the property record card provided by the board of review.

January 2020 for prices ranging from \$104,000 to \$125,000 or from \$102.77 to \$123.52 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,376. The subject's assessment reflects a market value of \$133,462 or \$131.88 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located in the same neighborhood code as the subject and within 0.19 of a mile from the subject property. The comparables are improved with 2-story condominiums of wood siding exterior construction each containing 1,012 square feet of living area that were built from 1975 to 1978. Each comparable has a concrete slab foundation, central air conditioning and a garage containing 220 square feet of building area. The comparables sold from January to October 2021 for prices ranging from \$151,000 to \$165,000 or from \$149.21 to \$163.04 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3, #4 and #5 due to their remote sale dates occurring in 2018 or 2019, which is less proximate in time to the January 1, 2021 assessment date given other sales available in the record.

The Board finds the best evidence of market value to be the remaining parties' comparables. The Board finds that these comparables sold proximate in time to the assessment date at issue and are relatively similar to the subject in location, dwelling size, age and some features. The comparables sold from January 2020 to July 2021 for prices ranging from \$113,000 to \$165,000 or from \$111.66 to \$163.04 per square foot of living area, including land. The subject's assessment reflects a market value of \$133,462 or \$131.88 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
