

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Beryl Cook
DOCKET NO.: 21-02247.001-R-1
PARCEL NO.: 15-20-407-009

The parties of record before the Property Tax Appeal Board are Beryl Cook, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,164
IMPR.: \$147,540
TOTAL: \$190,704

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,468 square feet of living area. The dwelling was constructed in 1990. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 736 square foot garage. The property has an approximately 16,290 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same neighborhood code as the subject and within 0.26 of a mile from the subject property. The comparables have sites that range in size from 15,725 to 21,867 square feet of land area. The comparables are improved with 2-story dwellings of frame or brick and frame exterior construction ranging in size from 3,468 to 4,164 square feet of living area that were built in 1990 or 1991. Each comparable has a basement, three with finished area, central air conditioning, one fireplace and a garage ranging in size from 484 to 766 square feet of building area. The comparables sold from December 2018 to

December 2020 for prices ranging from \$507,500 to \$630,000 or from \$132.08 to \$154.27 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$190,704. The subject's assessment reflects a market value of \$573,546 or \$165.38 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within 0.20 of a mile from the subject property, with three comparables located in the same neighborhood code as the subject. The comparables have sites that range in size from 11,330 to 24,260 square feet of land area. The comparables are improved with 2-story dwellings of brick, wood siding or brick and wood siding exterior construction that range in size from 3,117 to 4,153 square feet of living area that were built from 1989 to 1996. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 484 to 788 square feet of building area. The comparables sold from July 2020 to November 2021 for prices ranging from \$569,000 to \$720,000 or from \$173.37 to \$207.61 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration. The Board has given less weight to the board of review comparables #3 due to its dissimilar dwelling size when compared to the subject. The Board has given less weight to the appellant's comparables #1 through #4 due to their remote sale dates occurring in 2018 and 2019, which is less proximate in time to the January 1, 2021 assessment date given other sales available in the record.

The Board finds the best evidence of market value to be the remaining parties' comparables. The Board finds that these comparables sold proximate in time to the assessment date at issue and are relatively similar to the subject in location, dwelling size, age and some features. However, the board of review comparables have finished basements, a feature the subject lack, meaning downward adjustments would be needed to make the comparables more equivalent to the subject. The comparables sold from July 2020 to November 2021 for prices ranging from \$550,000 to \$720,000 or from \$132.08 or \$207.61 per square foot of living area, including land. The subject's assessment reflects a market value of \$573,546 or \$165.38 per square foot of living area, including land, which falls within the range of the best comparable sales contained in this record. Based on this record and after considering adjustments to the best comparables for

differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
