

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alisa Osipovich
DOCKET NO.: 21-02259.001-R-1
PARCEL NO.: 16-36-308-089

The parties of record before the Property Tax Appeal Board are Alisa Osipovich, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$74,282
IMPR.: \$197,949
TOTAL: \$272,231

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story and part 2-story dwelling¹ of brick and wood siding exterior construction with 3,017 square feet of living area. The dwelling was constructed in 2003. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 459 square foot garage. The property has a 14,127 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales, with three comparables located in the same neighborhood code as the subject and within 0.50 of a mile from the subject property. The

¹ Although the parties describe the subject as a one-story dwelling, the property record card submitted by the board of review reports 927 square feet of second floor living area indicating that the subject is a part two-story and part one-story dwelling.

comparables have sites that range in size from 6,200 to 16,220 square feet of land area. The comparables are improved with 2-story dwellings of brick, wood siding, brick and vinyl siding or brick and wood siding exterior construction ranging in size from 2,534 to 3,345 square feet of living area that were built from 1948 to 2007, comparables #2, #3 and #5 have effective years built of 2008, 1965 and 1961, respectively. Each comparable has a basement, four with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 396 to 616 square feet of building area. The comparables sold from February 2019 to April 2021 for prices ranging from \$429,000 to \$835,000 or from \$169.30 to \$266.52 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$272,231. The subject's assessment reflects a market value of \$818,740 or \$271.38 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales, with three located in the same neighborhood code as the subject and within 0.78 of a mile from the subject property. Comparable #3 is the same as appellant's comparable #2. The comparables have sites that range in size from 7,810 to 13,390 square feet of land area. The comparables are improved with either 1-story or 2-story dwellings of brick, wood siding, brick and wood siding or stone and wood siding exterior construction ranging in size from 2,780 to 3,406 square feet of living area that were built from 1926 to 2007, with comparables #3 and #4 having effective years built of 2008 and 1990, respectively. Each comparable has a basement, four with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 400 to 718 square feet of building area. The comparables sold from October 2020 to October 2021 for prices ranging from \$755,000 to \$1,100,000 or from \$266.52 to \$333.68 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, counsel submitted the board of review's grid analysis noting differences between the subject and the comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration which includes the common comparable. The Board has given less weight to the appellant's comparables #3, #4 and #5 along with board of review comparables #4 and #5 due to their differences in age or design when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #2 along with the board of review comparables #1, #2 and #3. The Board finds that these comparables are relatively similar to the subject in location, dwelling size, age and some features. The comparables sold from November 2020 to October 2021 for prices ranging from \$726,500 to \$1,100,000 or from \$175.27 or \$322.96 per square foot of living area, including land. The subject's assessment reflects a market value of \$818,740 or \$271.38 per square foot of living area, including land, which falls within the range established by the best comparable sales contained in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
