

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Abigail Solomon
DOCKET NO.: 21-02260.001-R-1
PARCEL NO.: 16-27-106-013

The parties of record before the Property Tax Appeal Board are Abigail Solomon, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,226
IMPR.: \$213,910
TOTAL: \$270,136

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,994 square feet of living area. The dwelling was constructed in 2006. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 504 square foot garage. The property has an approximately 9,990 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales, with four comparables located in the same neighborhood code as the subject and within 0.46 of a mile from the subject property. The comparables have sites that range in size from 7,970 to 10,850 square feet of land area. The comparables are improved with either 2-story or tri-level dwellings of stucco, wood siding or brick and wood siding exterior construction ranging in size from 3,138 to 3,592 square feet of living area that were built from 1953 to 2008 with the oldest comparable having an effective year built of 1986. Each comparable has a basement or a lower level, three with finished area, central

air conditioning and a garage ranging in size from 420 to 609 square feet of building area. Four comparables each have one to three fireplaces. The comparables sold from October 2019 to March 2021 for prices ranging from \$565,000 to \$864,500 or from \$180.05 to \$240.67 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$270,136. The subject's assessment reflects a market value of \$812,439 or \$271.36 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales where comparable #1 is a duplicate of #3. Three comparables are located in the same neighborhood code as the subject and within 0.46 of a mile from the subject property. The comparables have sites that range in size from 7,300 to 10,950 square feet of land area. The comparables are improved with 2-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,642 to 2,890 square feet of living area that were built from 1978 to 2006. Each comparable has a basement, four with finished area, central air conditioning, a fireplace and a garage ranging in size from 400 to 529 square feet of building area. The comparables sold from October 2020 to September 2021 for prices ranging from \$740,000 to \$895,000 or from \$276.55 to \$311.62 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, counsel for the appellant contended that the board of review comparables are not comparable due to differences in neighborhood code, smaller above ground living area and/or difference in age when compared to the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #4 as well as board of review comparable #4 due to their unfinished basements and/or dissimilar dwelling size when compared to the subject. The Board has given reduced weight to the appellant's comparable #3 due to its sale date in 2019, which is less proximate in time to the January 1, 2021 assessment than the other sales in the record.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #5 along with the board of review comparables #1, #2 and #5. The Board finds that these

comparables sold proximate in time to the assessment date at issue and are relatively similar to the subject in location, design, dwelling size, age and some features. The comparables sold from October 2020 to July 2021 for prices ranging from \$645,000 to \$895,000 or from \$188.65 to \$309.69 per square foot of living area, including land. The subject's assessment reflects a market value of \$812,439 or \$271.36 per square foot of living area, including land, which falls within the range established by the best comparable sales contained in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
