

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Schaffel
DOCKET NO.: 21-02266.001-R-1
PARCEL NO.: 16-34-103-011

The parties of record before the Property Tax Appeal Board are Gary Schaffel, the appellant, by attorney Andrew J. Rukavina of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$70,022
IMPR.: \$152,440
TOTAL: \$222,462

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,930 square feet of living area. The dwelling was constructed in 1965 and has a reported effective age of 1970. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 529 square foot garage. The property has an 11,980 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .24 of a mile from the subject property. The comparables have sites that range in size from 9,300 to 23,970 square feet of land area. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 1,943 to 3,449 square feet of living area. The dwellings were

built from 1963 to 1967 with comparable #3 having a reported effective age of 1969. Two comparables each have a concrete slab foundation and three comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 467 to 525 square feet of building area. The comparables sold from May 2018 to March 2021 for prices ranging from \$405,000 to \$625,000 or from \$136.85 to \$226.45 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$124,081, which would reflect a market value of \$582,367 or \$198.76 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$222,462. The subject's assessment reflects a market value of \$669,059 or \$228.35 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .29 of a mile from the subject property. The comparables have sites that range in size from 11,930 to 27,330 square feet of land area. The comparables are improved with two-story dwellings of wood siding, aluminum siding or brick and wood siding exterior construction ranging in size from 2,706 to 3,073 square feet of living area. The dwellings were built from 1964 to 1968 and have reported effective ages ranging from 1965 to 1985. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 517 square feet of building area. The comparables sold from May to November 2021 for prices ranging from \$735,000 to \$785,000 or from \$252.40 to \$279.01 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #3 and #5, as well as board of review comparable #1 due to differences from the subject in dwelling size, foundation type, lot size and/or their sale dates occurred in 2018 and 2019, less proximate in time to the lien date at issue than are the remaining comparable sales in the record.

The Board finds the best evidence of market value to be the appellant's comparable #4 and board of review comparables #2, #3 and #4, which are similar to the subject in location, lot size, dwelling size, design, age and some features. However, the Board finds two of the comparables

lack finished basement area, a feature of the subject, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the comparables sold from April 2020 to November 2021 for prices ranging from \$625,000 to \$785,000 or from \$226.45 to \$279.01 per square foot of living area, including land. The subject's assessment reflects a market value of \$669,059 or \$228.35 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
