

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vit Kantor
DOCKET NO.: 21-02280.001-R-1
PARCEL NO.: 10-29-300-010

The parties of record before the Property Tax Appeal Board are Vit Kantor, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,083
IMPR.: \$162,055
TOTAL: \$211,138

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding and brick exterior construction with 3,896 square feet of living area. The dwelling was constructed in 1987. Features of the home include a basement with finished area, central air conditioning, three fireplaces, and a garage containing 952 square feet of building area. The property has an approximately 119,350 square foot site and is located in Wauconda, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 1.25 miles of the subject, one of which is in the subject's assessment neighborhood. The comparables consist of 1-story, 1.5-story, or 2-story dwellings of vinyl siding or wood siding exterior construction ranging in size from 3,125 to 4,215 square feet of living area. The homes were built from 1987

to 2002. Each dwelling has a basement with three having finished area and a garage ranging in size from 735 to 1,032 square feet of building area. Four comparables have central air conditioning and four comparables each have one or two fireplaces. The parcels range in size from 42,310 to 200,380 square feet of land area. The comparables sold from October 2019 to June 2021 for prices ranging from \$300,000 to \$640,000 or from \$81.74 to \$166.87 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$186,989, for an estimated market value of \$561,023 or \$144.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$221,492. The subject's assessment reflects a market value of \$666,141 or \$170.98 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 3.31 miles of the subject. Comparable #3 is the same property as appellant comparable #4. The comparables consist of 1-story or 2-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 3,267 to 4,215 square feet of living area. The dwellings were built from 1985 to 2004. Each dwelling has central air conditioning, one or two fireplaces, a basement with one having finished area, and a garage ranging in size from 552 to 903 square feet of building area. Comparable #2 has a finished attic and a flat barn. The parcels range in size from 108,330 to 315,370 square feet of land area. The comparables sold in August or September 2020 for prices ranging from \$640,000 to \$662,500 or from \$151.84 to \$196.66 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board finds the parties' comparables are not truly similar to the subject due to differences in location, design, age, and/or features. Nevertheless, the Board gives less weight to the appellant's comparable #1 due to its less proximate sale date for valuation as of January 1, 2021, and appellant's comparable #2 due to its smaller site and lack of central air conditioning when compared to the subject. The Board also gives reduced weight to board of review comparable #2 due to differences in site size, attic finish, and barn feature when compared to the subject.

The Board finds the best evidence of market value to be appellant's comparable sales #3 through #5 and board of review comparable sales #1 and #3, which have varying degrees of similarity to

the subject. These most similar comparables sold in August 2020 for prices ranging from \$300,000 to \$642,500 or from \$81.74 to \$196.66 per square foot of living area, including land. The subject's assessment reflects a market value of \$666,141 or \$170.98 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis and above the range overall. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
