

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Martin
DOCKET NO.: 21-02300.001-R-1
PARCEL NO.: 07-33-305-046

The parties of record before the Property Tax Appeal Board are Robert Martin, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,826
IMPR.: \$176,576
TOTAL: \$218,402

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story ranch dwelling of wood siding exterior construction with 2,420 square feet of living area. The dwelling was constructed in 2012. Features of the home include a finished basement, central air conditioning, a fireplace, and a garage containing 652 square feet of building area. The property has a 19,480 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis with information on five comparable sales located within 631 feet from the subject and in the same assessment neighborhood code as the subject property. The comparables have sites ranging in size from 10,000 to 12,370 square feet of land area that are improved with 1-story ranch dwellings of wood siding exteriors ranging in size from 1,884 to 2,416 square feet of living area. The dwellings were built from 2000 to 2015. Each comparable

features a basement, four with finished area. Each comparable also has central air conditioning and a garage ranging in size from 493 to 713 square feet of building area. Four comparables each have one or two fireplaces. The comparables sold from May 2018 to April 2020 for prices ranging from \$425,000 to \$615,000 or from \$200.00 to \$257.54 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$218,402. The subject's assessment reflects a market value of \$656,848 or \$271.42 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted a grid analysis with information on four comparable sales located within 643 feet from the subject and in the same assessment neighborhood code as the subject property. The comparables have parcels ranging in size from 11,100 to 17,730 square feet of land area. The sites are improved with 1-story ranch dwellings of wood siding exteriors that range in size from 2,110 to 2,343 square feet of living area. The dwellings were built from 1999 to 2013. Each comparable features a finished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 506 to 598 square feet of building area. The comparables sold from November 2020 to September 2021 for prices ranging from \$595,000 to \$680,000 or from \$275.34 to \$308.06 per square foot of living area, including land. Based on this evidence, the board of review requested the assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales submitted by the parties in support of their respective positions before the Property Tax Appeal Board. After analyzing the evidence submitted, the Board gave less weight to the appellant's comparables due to comparables #1, #2, #4, and #5 having sale dates too remote in time relative to the assessment date at issue, and comparable #2 having an unfinished basement, dissimilar to the subject's finished basement.

The Board finds the best evidence of market value to be the comparables submitted by the board of review which sold more proximate in time to the lien date at issue and are similar to the subject in location, dwelling size, age, design, finished basement area, and other features. The best overall comparables in the record sold from November 2020 to September 2021 for prices ranging from \$595,000 to \$680,000 or from \$275.34 to \$308.06 per square foot of living area, including land. The subject's assessment reflects a market value of \$656,848 or \$271.42 per square foot of living area, including land, which is within the range established by the best

comparable sales in this record in terms of overall value and below the range on a per square foot basis. After considering adjustments to the best comparables in the record for differences from the subject, the Board finds that the appellant did not demonstrate by a preponderance of the evidence that the subject property is overvalued and, therefore, a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
