

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mundackel Raju
DOCKET NO.: 21-02322.001-R-1
PARCEL NO.: 11-02-206-010

The parties of record before the Property Tax Appeal Board are Mundackel Raju, the appellant, by attorney Andrew J. Rukavina of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,889
IMPR.: \$85,372
TOTAL: \$135,261

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and brick¹ exterior construction with 2,402 square feet of living area. The dwelling was constructed in 1997. Features of the home include a basement, central air conditioning, a fireplace and a 667 square foot garage. The property has an approximately 9,934 square foot site and is located in Waukegan, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .15 of a mile from the subject property. The comparables have sites that range in size from 9,775 to 12,242 square feet of land area. The

¹ The Board finds the best description of the subject dwelling's exterior was provided by the appellant, which included an exterior photograph of the dwelling depicting a frame and brick exterior.

comparables are improved with two-story dwellings of frame and brick exterior construction ranging in size from 2,715 to 3,488 square feet of living area. The dwellings were built from 1997 to 1999. Each comparable has a basement and a garage ranging in size from 428 to 640 square feet of building area. Four comparables each have central air conditioning and a fireplace. The comparables sold from January 2020 to April 2021 for prices ranging from \$360,500 to \$460,000 or from \$103.35 to \$161.69 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$119,255, which would reflect a market value of \$357,801 or \$148.96 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,261. The subject's assessment reflects a market value of \$406,800 or \$169.36 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .15 of a mile from the subject property. The comparables have sites that range in size from 10,210 to 11,650 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,402 to 2,805 square feet of living area. The dwellings were built in 1998 or 1999. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 396 to 436 square feet of building area. The comparables sold from July 2020 to April 2021 for prices ranging from \$410,000 to \$490,000 or from \$170.69 to \$182.04 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3, #4 and #5, as well as board of review comparable #3 due to their larger dwelling sizes and/or lack of central air conditioning when compared to the subject. Additionally, the appellant's comparable #1 appears to be an outlier due to its considerably lower sale price of \$360,500 or \$103.35 per square foot of living area, including land, when compared to the other sales in the record.

The Board finds the best evidence of market value to be the appellant's comparable #2, along with board of review comparables #1, #2, #4 and #5, which are similar to the subject in location, dwelling size, design, age and some features. These five comparables sold from July 2020 to

March 2021 for prices ranging from \$410,000 to \$450,000 or from \$161.69 to \$182.04 per square foot of living area, including land. The subject's assessment reflects a market value of \$406,800 or \$169.36 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record in terms of overall market value but within the range on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
