

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janice Vaysberg
DOCKET NO.: 21-02324.001-R-1
PARCEL NO.: 11-29-201-055

The parties of record before the Property Tax Appeal Board are Janice Vaysberg, the appellant, by attorney Andrew J. Rukavina of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,939
IMPR.: \$129,061
TOTAL: \$179,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame¹ exterior construction with 3,386 square feet of living area. The dwelling was constructed in 2001. Features of the home include a basement, central air conditioning, a fireplace and a 623 square foot garage. The property has an approximately 10,729 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that are located within .42 of a mile from the subject property and two of which have the same assessment neighborhood code as the subject. The comparables have sites that range in size from 7,662 to 11,408 square feet of land

¹ The Board finds the best description of the subject dwelling's exterior was provided by the appellant, which included an exterior photograph of the dwelling depicting a brick and frame exterior.

area. The comparables are improved with two-story dwellings of frame or frame and brick exterior construction ranging in size from 2,760 to 3,721 square feet of living area. The dwellings were built in 1997 or 2001. Each comparable has a basement, central air conditioning and a garage ranging in size from 419 to 623 square feet of building area. Two comparables each have a fireplace. The comparables sold from August 2018 to July 2020 for prices ranging from \$380,000 to \$523,000 or from \$137.68 to \$149.72 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$158,618, which would reflect a market value of \$475,902 or \$140.55 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,000. The subject's assessment reflects a market value of \$538,346 or \$158.99 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that that have the same assessment neighborhood code as the subject and are located within .20 of a mile from the subject property. The comparables have sites that range in size from 10,550 to 11,000 square feet of land area. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,311 to 3,720 square feet of living area. The dwellings were each built in 2001. Each comparable has a basement, central air conditioning and a garage containing either 622 or 623 square feet of building area. Three comparables each have a fireplace. The comparables sold from August 2020 to April 2021 for prices ranging from \$593,500 to \$695,000 or from \$165.97 to \$189.37 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #3 due to their sale dates occurring in 2018 and 2019, less proximate in time to the assessment date at issue than the other sales in the record. Additionally, the appellant's comparable #2 has a considerably smaller dwelling size when compared to the subject dwelling. The Board has given reduced weight to board of review comparable #2 due to its less similar dwelling size when compared to the remaining sales in the record.

The Board finds the best evidence of market value to be the appellant's comparable #1, along with board of review comparables #1, #3 and #4, which sold more proximate in time to the

assessment date at issue and are overall more similar to the subject in location, dwelling size, design, age and some features. These four comparables sold from July 2020 to April 2021 for prices ranging from \$505,000 to \$627,000 or from \$149.72 to \$189.37 per square foot of living area, including land. The subject's assessment reflects a market value of \$538,346 or \$158.99 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
