

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Young Koh  
DOCKET NO.: 21-02356.001-R-1  
PARCEL NO.: 15-16-207-018

The parties of record before the Property Tax Appeal Board are Young Koh, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,105  
**IMPR.:** \$152,255  
**TOTAL:** \$182,360

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 2,832 square feet of living area. The dwelling was constructed in 2001 and is approximately 20 years old. Features of the home include a basement, central air conditioning, a fireplace and a 726 square foot garage. The property has an approximately 13,038 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .54 of a mile from the subject. The comparables are improved with two-story dwellings of wood siding and brick exterior construction ranging in size from 2,803 to 3,150 square feet of living area. The dwellings are 26 or 29 years old. Each comparable has a basement, central air

conditioning and a 441 square foot garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$142,487 to \$160,728 or from \$50.78 to \$51.02 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$144,014 or \$50.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,360. The subject property has an improvement assessment of \$152,255 or \$53.76 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on seven equity comparables that have the same assessment neighborhood code as the subject and are located within .46 of a mile from the subject property. The comparables are improved with two-story dwellings of brick, wood siding or wood siding and brick exterior construction ranging in size from 2,389 to 2,990 square feet of living area. The dwellings were built from 1992 to 2001. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning and a garage ranging in size from 441 to 726 square feet of building area. Six comparables each have a fireplace. The comparables have improvement assessments ranging from \$128,571 to \$166,444 or from \$53.69 to \$59.30 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of 11 suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #4, as well as board of review comparables #2, #6 and #7 due to differences from the subject in dwelling size or they have finished basement area, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$142,487 to \$166,444 or from \$50.83 to \$59.30 per square foot of living area. The subject's improvement assessment of \$152,255 or \$53.76 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
