

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arijit Ganguli  
DOCKET NO.: 21-02363.001-R-1  
PARCEL NO.: 15-16-208-055

The parties of record before the Property Tax Appeal Board are Arijit Ganguli, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$39,236  
**IMPR.:** \$236,350  
**TOTAL:** \$275,586

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and brick exterior construction with 3,866 square feet of living area. The dwelling was constructed in 2018 and is approximately 3 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 905 square foot garage. The property has a 12,240 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .13 of a mile from the subject. The comparables are improved with two-story dwellings of brick and Dryvit or wood siding and brick exterior construction ranging in size from 3,710 to 4,022 square feet of living area. The dwellings are 12 or 16 years old. Each comparable has a

basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 669 to 724 square feet of building area. The comparables have improvement assessments ranging from \$192,654 to \$233,671 or from \$51.93 to \$59.23 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$213,818 or \$55.31 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$275,586. The subject property has an improvement assessment of \$236,350 or \$61.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .10 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,248 to 3,699 square feet of living area. The dwellings were built from 2006 to 2018. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 660 to 762 square feet of building area. The comparables have improvement assessments ranging from \$205,997 to \$231,525 or from \$61.49 to \$64.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to board of review comparables #4 and #5 due to their smaller dwelling sizes, when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design and some features. However, the Board finds all of these comparables are 9 to 13 years older than the subject and smaller garages when compared to the subject. Nevertheless, the comparables have improvement assessments that range from \$192,654 to \$233,671 or from \$51.93 to \$62.15 per square foot of living area. The subject's improvement assessment of \$236,350 or \$61.14 per square foot of living area falls above the range established by the best comparables in the record in terms of overall improvement assessment but within the range on a square foot basis. The subject's higher overall improvement appears to be well supported, given the subject's newer dwelling age and larger garage size. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
