

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yvette Castellanos
DOCKET NO.: 21-02390.001-R-1
PARCEL NO.: 16-32-413-016

The parties of record before the Property Tax Appeal Board are Yvette Castellanos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,867
IMPR.: \$229,307
TOTAL: \$295,174

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 5,014 square feet of living area. The dwelling was constructed in 2001 and is approximately 20 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 764 square foot garage. The property has a 21,531 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 4,003 to

5,727 square feet of living area. The dwellings range in age from 22 to 27 years old. The comparables have basements, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 670 to 836 square feet of building area. Comparable #2 has an inground swimming pool. The comparables have improvement assessments that range from \$170,127 to \$242,784 or from \$41.26 to \$42.78 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$295,174. The subject property has an improvement assessment of \$229,307 or \$45.73 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 4,477 to 5,063 square feet of living area. The dwellings were built from 1997 to 2002. One comparable is reported to have slab foundation and four comparables have basements, one of which has finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 651 to 815 square feet of building area. The comparables have improvement assessments that range from \$224,390 to \$255,764 or from \$44.32 to \$52.62 per square foot of living area. The board of review also submitted a Multiple Listing Service Sheet that disclosed the subject was listed on February 21, 2022 for \$950,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration with varying degrees of similarity in size, age and features. Nevertheless, the Board has given less weight to the appellant's comparables as well as board of review comparable #5 which are less similar dwelling size when compared to the subject and the remaining comparables in the record. The Board also gives less weight to board of review comparable #1 which has a slab foundation unlike the subject's basement foundation.

The Board finds the best evidence of assessment equity to be comparables #2, #3 and #4 submitted by the board of review. These comparables are most similar to the subject dwelling in size. However, the two of the board of review comparables lack finished basement area which is a feature of the subject. Nevertheless, these comparables have improvement assessments ranging

from \$238,832 to \$255,764 or \$49.90 to \$52.62 per square foot of living area. The subject's improvement assessment of \$229,307 or \$45.73 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
