

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Morry Rotenberg
DOCKET NO.: 21-02392.001-R-1
PARCEL NO.: 16-32-318-022

The parties of record before the Property Tax Appeal Board are Morry Rotenberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,785
IMPR.: \$120,540
TOTAL: \$176,325

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,098 square feet of living area. The dwelling was constructed in 1977 and is 44 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace, and an attached 440 square foot garage. The property has an 10,790 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The

¹ The parties agreed to forgo the scheduled virtual hearing on this case and have the Board issue a decision based on the evidence in the record.

comparables are improved with two-story dwellings of brick exterior construction that range in size from 2,538 to 2,958 square feet of living area and range in age from 44 to 46 years old. Two comparables are reported to have slab foundations and two comparables with partial basements. Each comparable has central air conditioning, one fireplace and an attached garage ranging in size from 440 to 484 square feet of building area. The comparables have improvement assessments that range from \$71,783 to \$102,706 or from \$28.28 to \$35.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$176,325. The subject property has an improvement assessment of \$120,540 or \$38.91 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,696 to 3,412 square feet of living area. The homes were built from 1975 to 1986. The comparables are reported to have concrete slab foundations. Each comparable has central air conditioning and an attached garage that ranges in size from 440 to 576 square feet of building area. Four comparables each have a fireplace. The comparables have improvement assessments that range from \$107,180 to \$153,296 or from \$38.92 to \$44.93 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 along with board of review comparable #1 which are less similar in dwelling size or have basements when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #4 and the board of review comparables #2, #3 and #4 which overall are more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$102,706 to \$153,296 or \$35.56 to \$44.93 per square foot of living area. The subject's improvement assessment of \$120,540 or \$38.91 per square foot of living area is within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
