

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Irene Crovetti-Lewitz  
DOCKET NO.: 21-02398.001-R-1  
PARCEL NO.: 16-33-404-063

The parties of record before the Property Tax Appeal Board are Irene Crovetti-Lewitz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$61,370  
**IMPR.:** \$124,620  
**TOTAL:** \$185,990

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,856 square feet of living area. The dwelling was built in 1986 and is approximately 35 years old. Features of the home include a slab foundation, central air conditioning, one fireplace, an inground swimming pool and a 420 square foot attached garage. The property has an approximately 9,757 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The

comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,322 to 3,781 square feet of living area. The dwellings are 35 or 36 years old. The appellant reported one comparable has a full basement and three comparables have slab foundations. Each comparable has central air conditioning, one fireplace and an attached garage ranging in size from 440 to 638 square feet of building area. The comparables have improvement assessments that range from \$127,457 to \$148,658 or from \$38.15 to \$39.76 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,990. The subject property has an improvement assessment of \$124,620 or \$43.63 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick and wood siding exterior construction ranging in size from 2,740 to 3,252 square feet of living area. The dwellings were built from 1984 to 1986. Each comparable has slab foundation, central air conditioning, one fireplace and an attached garage ranging in size from 400 to 638 square feet of building area. The comparables have improvement assessments that range from \$122,899 to \$141,783 or from \$43.60 to \$45.26 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are most similar to the subject dwelling size. These comparables are also similar in location, age and features although each lacks an inground swimming pool which is a feature of the subject. Nevertheless, these comparables have improvement assessments ranging from \$122,899 to \$141,783 or from \$43.60 to \$45.26 per square foot of living area. The subject's improvement assessment of \$124,620 or \$43.63 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
