

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leonid Fliman
DOCKET NO.: 21-02407.001-R-1
PARCEL NO.: 16-22-301-013

The parties of record before the Property Tax Appeal Board are Leonid Fliman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,849
IMPR.: \$89,327
TOTAL: \$137,176

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of brick and wood siding exterior construction with 2,124 square feet of living area. The dwelling was constructed in 1977 and is approximately 44 years old. Features of the home include a finished lower level, central air conditioning, a fireplace, and a garage containing 420 square feet of building area. The property has a 10,000 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .64 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of tri-level or split-level dwellings of wood siding or brick exterior construction ranging in size from 2,016 to 2,476 square feet of living area. The homes are 54 to 69 years old. Each dwelling has central air conditioning. Two comparables

have finished lower levels and a garage containing either 260 or 420 square feet of building area. The comparables have improvement assessments ranging from \$73,928 to \$95,473 or from \$36.67 to \$38.56 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$79,596 or \$37.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,176. The subject property has an improvement assessment of \$89,327 or \$42.06 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .67 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of tri-level dwellings of brick, stucco, or brick and wood siding exterior construction ranging in size from 1,941 to 2,308 square feet of living area. The homes were built from 1953 to 1959, with effective ages ranging from 1959 to 1987. Each dwelling has central air conditioning, a finished lower level, and a garage ranging in size from 198 to 606 square feet of building area. Two comparables each have one or two fireplaces. Comparable #4 has a subbasement with finished area. The comparables have improvement assessments ranging from \$87,891 to \$110,302 or from \$39.75 to \$49.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables due to differences in age, dwelling size, lower level finish, and/or lack of garage when compared to the subject. The Board also gives reduced weight to board of review comparables # 2 through #4 due to differences from the subject in age and/or basement feature.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #5, which are similar to the subject in age/effective age, location, dwelling size, and features. These comparables have improvement assessments of \$94,819 and \$95,500 or \$44.27 and \$49.20 per square foot of living area. The subject's improvement assessment of \$89,327 or \$42.06 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
