

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stuart Cohn
DOCKET NO.: 21-02409.001-R-1
PARCEL NO.: 16-22-301-011

The parties of record before the Property Tax Appeal Board are Stuart Cohn, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,849
IMPR.: \$92,197
TOTAL: \$140,046

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 1,827 square feet of living area. The dwelling was constructed in 1977 and is approximately 44 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 378 square feet of building area. The property has a 10,000 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .82 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 1.5-story, 1.8-story, or 2-story dwellings of brick or stone exterior construction ranging in size from 1,843 to 2,156 square feet of living area. The

homes are 43 to 76 years old. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size from 336 to 672 square feet of building area. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$84,606 to \$97,943 or from \$40.90 to \$46.23 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$81,484 or \$44.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$140,046. The subject property has an improvement assessment of \$92,197 or \$50.46 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .83 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,128 to 2,432 square feet of living area. The homes were built from 1948 to 1995, with comparables #2 and #4 having effective ages of 1975 and 1983, respectively. Each dwelling has central air conditioning, one or two fireplaces, a basement with finished area, and a garage ranging in size from 360 to 484 square feet of building area. The comparables have improvement assessments ranging from \$103,095 to \$147,141 or from \$44.17 to \$60.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #3 and #4 due to their older dwellings when compared to the subject. The Board also gives reduced weight to board of review comparables 1, #2, #4, and #5 due to differences from the subject in age and/or dwelling size.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with board of review comparable #3, which are overall most similar to the subject in age, location, dwelling size, and some features. These comparables have improvement assessments that range from \$85,899 to \$103,095 or from \$40.90 to \$48.45 per square foot of living area. The subject's improvement assessment of \$92,197 or \$50.46 per square foot of living area falls within the range established by the best comparables in this record overall. While the subject's assessment of \$50.46 per square foot of living area falls above that range on a per-square-foot basis, the Board finds it logical due to economies of scale which generally provides that as the

size of a property increases, the per unit value decreases, and in contrast, as the size of a property decreases, the per unit value increases. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
