

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Pinsky
DOCKET NO.: 21-02416.001-R-1
PARCEL NO.: 16-22-301-021

The parties of record before the Property Tax Appeal Board are Kenneth Pinsky, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,849
IMPR.: \$106,168
TOTAL: \$154,017

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and brick exterior construction with 2,389 square feet of living area. The dwelling was constructed in 1977 and is 44 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, and an attached 528 square foot garage. The property has a 10,000 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The

¹ The parties agreed to forgo the scheduled virtual hearing on this case and have the Board issue a decision based on the evidence in the record.

comparables are improved with two-story dwellings of wood siding or brick exterior construction that range in size from 2,389 to 2,791 square feet of living area and are 43 to 53 years old. Each comparable has a full unfinished basement, central air conditioning, and an attached garage ranging in size from 396 to 528 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$88,804 to \$102,184 or from \$36.28 to \$37.17 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$154,017. The subject property has an improvement assessment of \$106,168 or \$44.44 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick and vinyl siding or brick and wood siding exterior construction with each having 2,389 square feet of living area. The homes were built in 1977 or 1978. Each comparable has a full basement with one having finished area, central air conditioning, one fireplace and an attached garage with 528 square feet of building area. The comparables have improvement assessments that range from \$108,333 to \$112,848 or from \$45.35 to \$47.24 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2, and #3 which are less similar in dwelling size when compared to the subject. The Board gives less weight to board of review comparable #5 which has finished basement area unlike the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparables #1 through #4 which are identical or nearly identical to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$88,804 to \$110,384 or from \$37.17 to \$46.21 per square foot of living area. The subject's improvement assessment of \$106,168 or \$44.44 per square foot of living area is within the range established by the best comparables in the record. Based on this evidence and after considering any adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
