

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vladimir Dragojevic
DOCKET NO.: 21-02419.001-R-1
PARCEL NO.: 16-26-217-028

The parties of record before the Property Tax Appeal Board are Vladimir Dragojevic, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,755
IMPR.: \$66,967
TOTAL: \$136,722

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of wood siding exterior construction with 1,587 square feet of living area. The dwelling was constructed in 1922, is approximately 99 years old, and has an effective age of 1948. The home has a full unfinished basement. The property has an approximately 13,260 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .51 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 1.5-story or 2-story dwellings of brick exterior construction ranging in size from 1,735 to 1,968 square feet of living area. The homes are 84 to 116 years old. Each dwelling has a full unfinished basement. One comparable has central air

conditioning, and three comparables each have a fireplace and a garage ranging in size from 400 to 484 square feet of building area. The comparables have improvement assessments ranging from \$59,148 to \$65,804 or from \$33.14 to \$35.96 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$54,315 or \$34.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,722. The subject property has an improvement assessment of \$66,967 or \$42.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .38 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 1.5-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 1,452 to 1,581 square feet of living area. The homes were built from 1925 to 1935. Each dwelling has one or two fireplaces, a full basement with one having finished area, and a garage ranging in size from 210 to 480 square feet of building area. Four comparables have central air conditioning. The comparables have improvement assessments ranging from \$42,201 to \$71,137 or from \$26.79 to \$46.49 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar to the subject due to differences in effective age and/or features. Nevertheless, the Board has given reduced weight to the board of review's comparable #1, which has a finished basement unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in dwelling size, location, and design, noting that adjustments would be necessary to account for differences from the subject for features such as central air conditioning and garage. These comparables have improvement assessments that range from \$42,201 to \$65,804 or from \$26.79 to \$36.53 per square foot of living area. The subject's improvement assessment of \$66,967 or \$42.20 per square foot of living area falls above the range established by the best comparables in this record. However, based on this record and after considering adjustments to the best comparables for differences from the subject, such as effective age, the Board finds the appellant did not demonstrate with clear and convincing

evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
