

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John and Mary Beth Nawor
DOCKET NO.: 21-02423.001-R-1
PARCEL NO.: 16-26-206-033

The parties of record before the Property Tax Appeal Board are John and Mary Beth Nawor, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$75,265
IMPR.: \$86,515
TOTAL: \$161,780

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,538 square feet of living area. The dwelling was constructed in 1922 and is approximately 99 years old. Features of the home include a basement, central air conditioning, and a 594 square foot garage. The property has an approximately 10,001 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellants contend assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 2.5-story homes of brick or wood siding exterior construction ranging in size from 2,172 to 2,782 square feet of living area. The dwellings range in age from 98 to 108 years old. Each home has a basement, central air conditioning, and a

fireplace. Three comparables each have a garage ranging in size from 247 to 945 square feet of building area. The comparables have improvement assessments ranging from \$68,165 to \$87,352 or from \$29.09 to \$31.40 per square foot of living area. Based on this evidence the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,780. The subject property has an improvement assessment of \$86,515 or \$34.09 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick, stucco, or wood siding exterior construction ranging in size from 2,497 to 2,619 square feet of living area. The dwellings were built from 1920 to 1938 with comparables #2, #3, and #5 having effective ages of 1942, 1966, and 1940, respectively. Each home has a basement, one of which has finished area, central air conditioning, and a fireplace. Three comparables each have a garage ranging in size from 484 to 560 square feet of building area. The comparables have improvement assessments ranging from \$82,035 to \$152,616 or from \$32.66 to \$58.27 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #1 and #3 and the board of review's comparables #1 and #3, due to substantial differences from the subject in dwelling size, finished basement area, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellants' comparables #2 and #4 and the board of review's comparables #2, #4, and #5, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$81,445 to \$112,253 or from \$31.06 to \$44.96 per square foot of living area. The subject's improvement assessment of \$86,515 or \$34.09 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
