

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jonathan Weber
DOCKET NO.: 21-02431.001-R-1
PARCEL NO.: 16-34-412-035

The parties of record before the Property Tax Appeal Board are Jonathan Weber, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$75,466
IMPR.: \$167,455
TOTAL: \$242,921

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 3,788 square feet of living area. The dwelling was constructed in 1985 and is approximately 36 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 850 square foot garage. The property has an approximately 20,163 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of brick exterior construction ranging in size from 3,569 to 4,225 square feet of living area. The dwellings are 42 or 44 years old. Each home has a

basement, one of which has finished area,¹ central air conditioning, a fireplace, and a garage ranging in size from 483 to 744 square feet of building area. The comparables have improvement assessments ranging from \$145,137 to \$166,238 or from \$39.35 to \$40.67 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$242,921. The subject property has an improvement assessment of \$167,455 or \$44.21 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. Comparable #4 is the same property as the appellant's comparable #4. The comparables are improved with 1-story homes of brick or wood siding exterior construction ranging in size from 3,170 to 3,610 square feet of living area. The dwellings were built in 1977 or 1979 with comparables #1, #2 and #4 having effective ages of 1990, 1985, and 1980, respectively. Each home has a basement with finished area, central air conditioning, a fireplace, and a garage ranging in size from 483 to 748 square feet of building area. The comparables have improvement assessments ranging from \$141,835 to \$162,433 or from \$40.67 to \$48.14 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables, with one common comparable, for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3, which lack finished basement area that is a feature of the subject. The Board gives less weight to the board of review's comparable #5, which is a substantially smaller home than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4/board of review's comparable #4 and the board of review's comparables #1, #2, and #3, which are more similar to the subject in dwelling size, age/effective age, location, and features. These comparables have improvement assessments that range from \$145,137 to \$162,433 or from \$40.67 to \$48.14 per square foot of living area. The subject's improvement assessment of

¹ The board of review reported comparable #4, which is common to both parties, has finished basement area, which was not refuted by the appellant in written rebuttal.

\$167,455 or \$44.21 per square foot of living area falls above the range established by the best comparables in this record, but appears to be justified given the subject's larger dwelling size and larger garages size compared to the best comparables. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
