

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Meyers
DOCKET NO.: 21-02456.001-R-1
PARCEL NO.: 15-16-313-017

The parties of record before the Property Tax Appeal Board are Gary Meyers, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,348
IMPR.: \$147,454
TOTAL: \$192,802

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,435 square feet of living area. The dwelling was constructed in 1991 and is approximately 30 years old. Features of the home include a basement, central air conditioning, and a 672 square foot garage. The property has a 16,041 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 3,378 to 3,895 square feet of living area. The dwellings are 30 or 33 years old. Each home has a basement with finished area, central air conditioning, one or two fireplaces, and a

405 or a 672 square foot garage. The comparables have improvement assessments ranging from \$131,758 to \$153,230 or from \$39.00 to \$39.50 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,802. The subject property has an improvement assessment of \$147,454 or \$42.93 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of frame exterior construction ranging in size from 3,378 to 3,562 square feet of living area. The dwellings were built from 1988 to 1999. Each home has a basement, two of which have finished area, central air conditioning, a fireplace, and a garage ranging in size from 405 to 781 square feet of building area. Comparable #4 has an inground swimming pool and hot tubs. The comparables have improvement assessments ranging from \$146,854 to \$185,983 or from \$43.47 to \$52.27 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #1 and #3, due to substantial differences from the subject in dwelling size and/or basement finish. The Board gives less weight to the board of review's comparable #4, which has an inground swimming pool and hot tubs unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #5, which are similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments of \$151,195 and \$154,836 or of \$44.40 and \$44.84 per square foot of living area, respectively. The subject's improvement assessment of \$147,454 or \$42.93 per square foot of living area falls below the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
