

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Radmila Pavlovic
DOCKET NO.: 21-02475.001-R-1
PARCEL NO.: 15-07-101-024

The parties of record before the Property Tax Appeal Board are Radmila Pavlovic, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,851
IMPR.: \$145,561
TOTAL: \$205,412

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,118 square feet of living area. The dwelling was built in 1987 and is approximately 34 years old. Features of the home include a walkout basement with finished area, central air conditioning, two fireplaces, and a garage with 1,069 square feet of building area. The property has an approximately 85,813 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.29 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,620 to 3,564 square feet of

living area. The homes range in size from 33 to 36 years old. Each comparable has a finished basement, central air conditioning, two or three fireplaces, and a garage that ranges in size from 924 to 988 square feet of building area. The comparables have improvement assessments ranging from \$104,003 to \$141,346 or from \$39.39 to \$42.33 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$127,042 or \$40.74 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,412. The subject property has an improvement assessment of \$145,561 or \$46.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.58 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or frame exterior construction ranging in size from 2,742 to 3,980 square feet of living area. The homes were built from 1986 to 2002 and thus range in age from 19 to 35 years old. The comparables each have a basement with four having finished area and two being a walkout style. Each comparable has central air conditioning, from one to three fireplaces, and a garage that ranges in size from 804 to 1,235 square feet of building area. The comparables have improvement assessments ranging from \$124,432 to \$191,065 or from \$40.15 to \$48.01 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions. The Board gives less weight to the appellant's comparables #1 and #2 as well as board of review comparables #1, #4, and #5 which differ from the subject in age and/or dwelling size. Additionally, board of review comparable #4 lacks basement finish which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features, although board of review is the only comparable with a walkout style basement like the subject. Nevertheless, these four comparables have improvement assessments ranging from \$118,436 to \$149,436 or from \$41.56 to \$46.90 per square foot of living area. The subject's improvement assessment of \$145,561 or \$46.68 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did

not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
