

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Avinash Kavitkar
DOCKET NO.: 21-02476.001-R-1
PARCEL NO.: 15-06-305-142

The parties of record before the Property Tax Appeal Board are Avinash Kavitkar, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,824
IMPR.: \$193,716
TOTAL: \$231,540

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of brick exterior construction with 3,812 square feet of living area. The dwelling was built in 2006 and is approximately 15 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and an 876 square foot attached garage. The property has an approximately 12,010 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.23 of a mile from the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,569 to 4,187 square feet of living area. The dwellings range in age from 6 to 8 years old. Each comparable has an unfinished basement,

central air conditioning, and an attached garage ranging in size from 657 to 875 square feet of building area. Three comparables each have one or two fireplaces. The improvement assessments on these properties range from \$158,158 to \$191,164 or from \$44.29 to \$45.66 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$171,139 or \$44.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$231,540. The subject property has an improvement assessment of \$193,716 or \$50.82 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.13 miles from the subject. The comparables are improved with 2-story dwellings of frame, brick, or brick and frame exterior construction ranging in size from 3,560 to 3,832 square feet of living area. The homes were built from 2007 to 2015. Each comparable has a basement with one having finished area, central air conditioning, and one or two attached garages ranging in total combined size from 745 to 936 square feet of building area. Four comparables each have one or two fireplaces. The improvement assessments on these properties range from \$186,397 to \$196,963 or from \$51.22 to \$52.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to board of review comparable #5 which has basement finish, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and features. These comparables have improvement assessments that range from \$158,158 to \$196,963 or from \$44.29 to \$52.79 per square foot of living area. The subject's improvement assessment of \$193,716 or \$50.82 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
