

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Gerlach
DOCKET NO.: 21-02487.001-R-1
PARCEL NO.: 15-09-301-008

The parties of record before the Property Tax Appeal Board are Ronald Gerlach, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,541
IMPR.: \$123,941
TOTAL: \$162,482

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,508 square feet of living area. The dwelling was constructed in 1998 and is approximately 23 years old. Features of the home include a basement with finished area, central air conditioning, and a 484 square foot garage. The property has an approximately 8,276 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.32 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction with 2,796 square feet of living area. The dwellings range in age from 21 to 23 years old. Each comparable has a basement with three having finished area,

central air conditioning, and a 484 square foot garage. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$124,643 to \$130,375 or from \$44.58 to \$46.63 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$114,540 or \$45.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,482. The subject property has an improvement assessment of \$123,941 or \$49.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on seven equity comparables with the same assessment neighborhood code as the subject and located within 0.40 of a mile from the subject property. The comparables are improved with 2-story dwellings of frame exterior construction with 2,508 square feet of living area. The dwellings were built in 1998 or 1999 and thus are 22 or 23 years old. Each comparable has a basement with finished area, central air conditioning, and a garage with 484 or 704 square feet of building area. Five comparables each have one fireplace. The comparables have improvement assessments that range from \$126,320 to \$138,295 or from \$50.37 to \$55.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eleven suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables which are less similar in dwelling size to the subject than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical or nearly identical to the subject in age and dwelling size with varying degrees of similarity in location, design, and features. The comparables have improvement assessments that range from \$126,320 to \$138,295 or from \$50.37 to \$55.14 per square foot of living area. The subject's improvement assessment of \$123,941 or \$49.42 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
