

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Steininger
DOCKET NO.: 21-02489.001-R-1
PARCEL NO.: 15-09-308-043

The parties of record before the Property Tax Appeal Board are Patrick Steininger, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,541
IMPR.: \$155,869
TOTAL: \$194,410

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,478 square feet of living area. The dwelling was built in 1999 and is approximately 22 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a garage with 704 square feet of building area. The property has an approximately 8,276 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.16 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction with 3,444 or 3,478 square feet of living area. The homes are 21 or 23 years old. Each comparable has a basement with two having finished area, central air

conditioning, and a garage with 484 or 759 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$137,273 to \$143,561 or from \$39.47 to \$41.28 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$141,137 or \$40.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$194,410. The subject property has an improvement assessment of \$155,869 or \$44.82 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property and located within 0.19 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction with 3,478 square feet of living area. The homes were built from 1998 to 2000 and thus range in age from 21 to 23 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace, and a garage with 484 or 704 square feet of building area. The comparables have improvement assessments ranging from \$157,830 to \$160,554 or from \$45.38 to \$46.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #3 and #4 which lack basement finish, a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are identical or nearly identical to the subject in age and dwelling size with varying degrees of similarity in location, design, and features. These comparables have improvement assessments ranging from \$137,273 to \$160,554 or from \$39.47 to \$46.16 per square foot of living area. The subject's improvement assessment of \$155,869 or \$44.82 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
