

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert & Rosemary Deer
DOCKET NO.: 21-02490.001-R-1
PARCEL NO.: 15-11-403-002

The parties of record before the Property Tax Appeal Board are Robert & Rosemary Deer, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$158,625
IMPR.: \$242,047
TOTAL: \$400,672

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 6,029 square feet of living area. The dwelling was built in 1998 and is approximately 23 years old. Features of the home include a basement with finished area, central air conditioning, four fireplaces, and an attached 2,327 square foot garage. The property has an approximately 82,328 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same assessment neighborhood code and located within 0.17 of a mile from the subject. The comparables are improved with 2-story dwellings that range in size from 4,491 to 8,006 square feet of living area. The dwellings range in age from 21 to 31. Each comparable has a basement with three having finished area, central air conditioning, from one to

three fireplaces, and an attached garage ranging in size from 820 to 1,118 square feet of building area. The comparables have improvement assessments ranging from \$156,150 to \$281,734 or from \$34.77 to \$36.84 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment to \$214,255 or \$35.54 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$400,672. The subject property has an improvement assessment of \$242,047 or \$40.15 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on two comparable properties with the same assessment neighborhood code as the subject property and located within 0.21 of a mile from the subject. The comparables are improved with 2-story dwellings with 4,723 or 6,006 square feet of living area. The dwellings were built in 1997 or 2002 and thus are 19 or 24 years old. Each comparable has a basement with finished area, central air conditioning, three or four fireplaces, and an attached garage with 720 or 1,079 square feet of building area. The two comparables have improvement assessments of \$194,889 and \$250,984 or \$41.26 and \$41.79 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #1 and #2 as well as board of review comparable #2 which are less similar in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features, except the appellants' comparable #3 which lacks basement finish, a feature of the subject. The best comparables have improvement assessments ranging from \$199,105 to \$250,984 or from \$35.19 to \$41.79 per square foot of living area. The subject's improvement assessment of \$242,047 or \$40.15 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
