

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Brenner
DOCKET NO.: 21-02493.001-R-1
PARCEL NO.: 15-12-304-014

The parties of record before the Property Tax Appeal Board are Christopher Brenner, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$82,752
IMPR.: \$251,452
TOTAL: \$334,204

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of Dryvit and brick exterior construction with 4,452 square feet of living area. The dwelling was constructed in 1999 and is 22 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and an attached garage with 825 square feet of building area. The property has a 22,216 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, Dryvit, or Dryvit and brick exterior

¹ The parties agreed to forgo the scheduled virtual hearing on this case and have the Board issue a decision based on the evidence in the record.

construction ranging in size from 4,482 to 4,736 square feet of living area. The dwellings range in age from 21 to 23 years old. Each property has a basement with one having finished area, central air conditioning, one to three fireplaces, and an attached garage ranging in size from 789 to 866 square feet of building area. These properties have improvement assessments ranging from \$207,702 to \$232,056 or from \$43.86 to \$51.78 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$334,204. The subject property has an improvement assessment of \$251,452 or \$56.48 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 3,950 to 4,830 square feet of living area. The dwellings were built from 1997 to 2015. Each property has a basement with three having finished area, central air conditioning, one to three fireplaces, and an attached garage ranging in size from 781 to 1,197 square feet of building area. These properties have improvement assessments ranging from \$226,260 to \$280,171 or from \$57.07 to \$58.35 per square foot of living area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #4 as well as board of review comparables #2 and #5 which have unfinished basements when compared to the subject that has finished basement area. The Board also gives less weight to board of review comparable #4 which is a newer dwelling when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 as well as the board of review comparables #1 and #3 which have finished basement area and are similar to the subject in location, age, dwelling size and other features. These comparables have improvement assessments that range from \$225,713 to \$275,377 or from \$49.93 to \$58.35 per square foot of living area. The subject's improvement assessment of \$251,452 or \$56.48 per square foot of living area falls within the range established by the best comparables in this record and well supported given the subject's superior attributes relative to these comparables. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
