

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Doman
DOCKET NO.: 21-02500.001-R-1
PARCEL NO.: 15-14-203-013

The parties of record before the Property Tax Appeal Board are Timothy Doman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,789
IMPR.: \$169,132
TOTAL: \$238,921

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and brick exterior construction with 3,401 square feet of living area. The dwelling was constructed in 1985 and is approximately 34 years old with a reported effective year built of 1987. Features of the home include a basement that is partially finished with a recreation room, central air conditioning, a fireplace and a 936 square foot garage. The property has a 21,370 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are

improved with two-story dwellings of wood siding or wood siding and brick exterior construction ranging in size from 3,031 to 3,778 square feet of living area. The dwellings are 34 or 35 years old. The comparables have basements with finished area. Each comparable has central air conditioning and one fireplace. Three comparables each have a garage ranging in size from 528 to 782 square feet of building area. The comparables have improvement assessments that range from \$121,523 to \$159,921 or from \$36.30 to \$45.43 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$238,921. The subject property has an improvement assessment of \$169,132 or \$49.73 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,091 to 3,287 square feet of living area. The dwellings were built in 1985 or 1986. Comparable #2 has a reported effective year built of 1992. The comparables each have a basement that is partially finished with a recreation room, central air conditioning, one or two fireplaces and a garage ranging size from 528 to 713 square feet of building area. The comparables have improvement assessments that range from \$114,868 to \$164,554 or from \$36.32 to \$52.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #4 which lacks a garage unlike the subject.

The Board finds the best evidence of equity are the remaining eight comparables which are relatively similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments that range from \$114,868 to \$164,554 or from \$36.30 to \$52.51 per square foot of living area. The subject's improvement assessment of \$169,132 or \$49.73 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
