

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dale Greeson  
DOCKET NO.: 21-02502.001-R-1  
PARCEL NO.: 15-14-202-002

The parties of record before the Property Tax Appeal Board are Dale Greeson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$65,871  
**IMPR.:** \$145,934  
**TOTAL:** \$211,805

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,816 square feet of living area. The dwelling was built in 1985 and is approximately 36 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 420 square foot garage. The property has an approximately 20,228 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.48 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding and brick exterior construction ranging in size from 2,772 to 3,306 square feet of living area. The dwellings range in age from 34 to 43 years old. Each comparable has a

basement with finished area, central air conditioning, one fireplace, and a garage ranging in size from 489 to 720 square feet of building area. The comparables have improvement assessments that range from \$125,215 to \$152,034 or from \$42.07 to \$45.99 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$124,791 or \$44.31 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$211,805. The subject property has an improvement assessment of \$145,934 or \$51.82 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.12 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding and brick exterior construction ranging in size from 2,886 to 3,150 square feet of living area. The dwellings were built from 1985 to 1988 and thus range in age from 33 to 36 years old. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 484 to 828 square feet of building area. The comparables have improvement assessments that range from \$151,028 to \$169,816 or from \$48.97 to \$55.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #4 which is less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall more similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$125,215 to \$169,816 or from \$44.03 to \$55.42 per square foot of living area. The subject's improvement assessment of \$145,934 or \$51.82 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
