

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Axelsen
DOCKET NO.: 21-02517.001-R-1
PARCEL NO.: 15-13-307-007

The parties of record before the Property Tax Appeal Board are William Axelsen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$62,698
IMPR.: \$128,346
TOTAL: \$191,044

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,691 square feet of living area. The dwelling was constructed in 1965 with an effective year built of 1977 and is approximately 56 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a 552 square foot garage. The property has an approximately 20,473 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.60 of a mile from the subject. The comparables are improved with 2-story dwellings of brick and wood siding exterior construction ranging in size from 2,630 to 2,976 square feet of

living area. The dwellings range in age from 48 to 54 years old. Each comparable has a basement with one having finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 506 to 598 square feet of building area. The comparables have improvement assessments that range from \$106,775 to \$123,747 or from \$39.30 to \$42.81 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$110,526 or \$41.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$191,044. The subject property has an improvement assessment of \$128,346 or \$47.69 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject property and located within 0.28 of a mile from the subject. The comparables are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,696 to 2,786 square feet of living area. The dwellings were built from 1963 to 1977 with comparable #1, the oldest comparable, having an effective year built of 1975. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage ranging in size from 506 to 552 square feet of building area. The comparables have improvement assessments that range from \$123,107 to \$139,760 or from \$44.68 to \$51.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #2 which has basement finish, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and features. The comparables have improvement assessments that range from \$108,583 to \$139,760 or from \$39.30 to \$51.19 per square foot of living area. The subject's improvement assessment of \$128,346 or \$47.69 per square foot of living area falls within the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
