

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tadeusz & Malgorzata Sieklucki
DOCKET NO.: 21-02521.001-R-1
PARCEL NO.: 15-23-402-017

The parties of record before the Property Tax Appeal Board are Tadeusz & Malgorzata Sieklucki, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,772
IMPR.: \$100,193
TOTAL: \$165,965

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,620 square feet of living area. The dwelling was constructed in 1968 and is approximately 53 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 575 square foot garage. The property has an approximately 20,038 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located from 0.24 of a mile to 1.14 miles from the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 2,318 to 2,930 square feet of living area. The dwellings range in age from 46 to 52 years old. Each comparable has an unfinished

basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 456 to 624 square feet of building area. The comparables have improvement assessments that range from \$74,474 to \$91,565 or from \$32.10 to \$32.74 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$83,984 or \$32.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$165,965. The subject property has an improvement assessment of \$100,193 or \$38.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject property and located within 1.0 mile from the subject. The comparables are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,636 to 2,684 square feet of living area. The dwellings were built from 1962 to 1972 with comparable #1, the oldest comparable, having an effective year built of 1965. The comparables each have an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 462 to 600 square feet of building area. The comparables have improvement assessments that range from \$112,515 to \$117,705 or from \$42.31 to \$43.85 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellants' comparables #2 and #3 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellants' comparables #1 and #4 as well as the board of review comparables which are more similar to the subject in design, age, dwelling size, and features. The comparables have improvement assessments that range from \$83,689 to \$117,705 or from \$32.10 to \$43.85 per square foot of living area. The subject's improvement assessment of \$100,193 or \$38.24 per square foot of living area falls within the range established by the best comparables in the record. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
